For details on available colors and effects for each article within the product groups, please see the product matrix of the respective item in the Collection 2016.
For color and effect samples, please see the corresponding color chart.

Classic Colors/Effects:

This color range offers a wide choice of traditional Swarovski crystal colors and effects.

Exclusive Colors/Effects:

This color range is offered exclusively by Swarovski.

The plating resistance of effects is tested according to Swarovski's plating guidelines (SWAROVSKI.COM/PROFESSIONAL). Customers are advised to carry out their own tests if customers' plating parameters diverge from Swarovski plating guidelines.

- * Crystals are not resistant to plating and similar processing.
- ** Crystals are resistant to plating only if they are F-foiled.
- *** designed by Jean Paul Gaultier

SWAROVSKI.COM/PROFESSIONAL

Colors and effects can appear different when illuminated with different light sources. Swarovski uses standard light source D50 for color decision and comparison. Slight changes in shades are unavoidable. Colors may vary according to cut and foiling.

The composition of Advanced Crystal is compliant with regulatory industry norms and laws regarding the restriction or prohibition of certain substances in the most relevant segments of our customers. Please note that the compliance of the crystal colors Citrine, Fireopal, Hyacinth, Light Siam, Siam and Yellow Opal vary to certain industry regulations. Those regulations are indicated with an (*) in the compliance overview. Indian Siam (option to Lt. Siam) and Tangerine (option to Sun) conform to all CLEAR-lists.
