

ROUND STONES

Round Stones are loose crystal elements. Most of them are pointed on the reverse side, making them easy to apply in either metal claw settings or pre-set cavities.

The assortment features a wide variety of different cuts and sizes, the most innovative being the XIRIUS Chaton and the smallest being the XERO Chaton ~~in size PPO~~. The science of the cut and the celebration of crystal as high art came together in the XIRIUS Chaton, Swarovski's most brilliant crystal element ever.

Merging a gemstone-like cut with rich, varied color and Platinum[®] colored foiling for exceptional durability, XIRIUS takes crystal one step closer to the diamond.

ATELIER MUNSTEINER FOR SWAROVSKI

DESIGNER EDITION

VISION ROUND STONE

The new Vision Designer Edition marks the first ever collaboration between Swarovski and Atelier Munsteiner, a German design house renowned for its multi-award-winning gemstone cuts, fine jewelry, and sculptures. The family-owned company's third-generation master craftsmen have drawn upon many years of experience to develop this stunning crystal innovation exclusively for Swarovski.

The Vision Designer Edition combines the uncomplicated appeal of simple cuts with the playfulness of mirrored reflections. These

ingeniously crafted design elements bring to mind frozen water, with mysteriously encapsulated air bubbles forming a perfectly geometrical, flower-like shape within the crystal. It is available in three of the most popular shapes for Jewelry and Accessories – the round, square, and hexagon – offering endless design possibilities and making it ideal for use in Glamorous and Progressive creations.

It is the subtlety in the simplicity that makes this Designer Edition truly "VISIONARY."

OCEAN MYSTERIES DESIGNED BY CÉLINE COUSTEAU

DESIGNER EDITION

Design Story: Above for the sea runs through her veins: Céline Cousteau is a celebrated filmmaker, humanitarian, and environmentalist, as well as the granddaughter of legendary ocean explorer Jacques-Yves Cousteau. She presents her first ever crystal designs for Swarovski, inspired by one of her favorite places, the depths of the ocean. Taking inspiration from nature itself and

leaving its beauty unaltered, her stunningly life-like creatures are not only captivating and spellbinding, they also draw attention toward the mysterious, mostly unseen, and unexplored world beneath the ocean's surface on which all ocean life depends. These mysteries need to be protected for future generations, both above and below the water.

FANCY STONES & SETTINGS

Fancy Stones are available in numerous shapes, ranging from classical gemstone-inspired cuts to progressive trend cuts. They come in a huge assortment of different sizes and colors. Showing either a faceted or flat reverse side, Fancy Stones can be glued into pre-cast cavities or used in metal settings. Their precision-cut facets ensure the highest brilliance and lend design ideas a unique sparkle.

Settings are unplated or plated brass components, each specifically tailored to a Fancy Stone, which secure the crystal and allow for a myriad of application possibilities, including, but not limited to, sewing, soldering, and gluing.

OCEAN MYSTERIES DESIGNED BY CÉLINE COUSTEAU

DESIGNER EDITION

Design Story: Above for the sea runs through her veins: Céline Cousteau is a celebrated filmmaker, humanitarian, and environmentalist, as well as the granddaughter of legendary ocean explorer Jacques-Yves Cousteau. She presents her first ever crystal designs for Swarovski, inspired by one of her favorite places, the depths of the ocean. Taking inspiration from nature itself and

leaving its beauty unaltered, her stunningly life-like creatures are not only captivating and spellbinding, they also draw attention toward the mysterious, mostly unseen, and unexplored world beneath the ocean's surface on which all ocean life depends. These mysteries need to be protected for future generations, both above and below the water.

ATELIER MUNSTEINER FOR SWAROVSKI

DESIGNER EDITION

VISION HEXAGON FANCY STONE

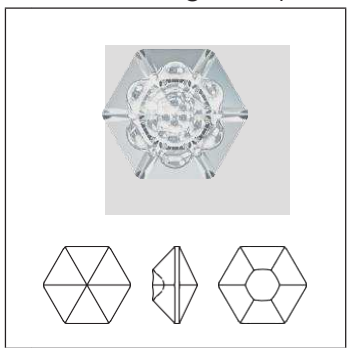

The new Vision Designer Edition marks the first ever collaboration between Swarovski and Atelier Munsteiner, a German design house renowned for its multi-award-winning gemstone cuts, fine jewelry, and sculptures. The family-owned company's third-generation master craftsmen have drawn upon many years of experience to develop this stunning crystal innovation exclusively for Swarovski.

The Vision Designer Edition combines the uncomplicated appeal of simple cuts with the playfulness of mirrored reflections. These

ingeniously crafted design elements bring to mind frozen water, with mysteriously encapsulated air bubbles forming a perfectly geometrical, flower-like shape within the crystal. It is available in three of the most popular shapes for Jewelry and Accessories – the round, square, and hexagon – offering endless design possibilities and making it ideal for use in Glamorous and Progressive creations.

It is the subtlety in the simplicity that makes this Designer Edition truly "VISIONARY."

KAPUTT DESIGNED BY JEAN PAUL GAULTIER

DESIGNER EDITION

Design Story: While the whole world strives for perfection, Swarovski discovers the beauty of imperfection, guided and inspired by none other than design legend Jean Paul Gaultier. Together with Swarovski's own trend, design, and product management experts, Gaultier developed the spectacular Kaputt Collection exclusively for Swarovski. As its name, the German word for "broken," already suggests, the collection presents a technological innovation that deliberately breaks with convention. It celebrates the appeal of being different and unpredictable, which, according to the designer, is much more exciting than the precise and perfect.

Description: Broken and raw, but elegant at the same time, the Kaputt design captivates with distinctively irregular, partly unpolished, or frosted surfaces that give it an all-natural, almost meteoritic appearance. It comes in rich, shimmering metallic colors as well as classics such as Crystal and Crystal Golden Shadow, and boasts the famous Jean Paul Gaultier logo as a laser engraving.

Look: In a world of flawless, artificial beauty, Kaputt mirrors the attractiveness of irregular, natural surfaces for a down-to-earth look that is both rock and chic.

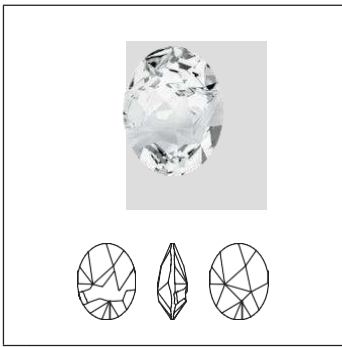

CRYSTAL SCARABAEUS GREEN DESIGNED BY JEAN PAUL GAULTIER

Design Story: Expressing his desire for an exclusive effect that would match his Kaputt Collection, haute couture icon Jean Paul Gaultier developed Crystal Scarabaeus Green together with a team of experts from Swarovski. For his effect he wanted this precise scintillating shade of green, combined with the mythological shimmer of the Egyptian scarab.

Description: Aptly named, Crystal Scarabaeus Green evokes the magic glow of the scarab, shimmering in green, blue, and purple with a metallic luster that combines bright and shadowy facets to create a stunningly graphic surface.

Look: With its beetle-like glow, Crystal Scarabaeus Green lends itself perfectly to nature-inspired and bold eco designs. It powerfully mimics nature and sets a rebellious statement for any eco-warrior. However, its shiny surface also evokes an otherworldly appearance that echoes futuristic, stellar avant-garde looks. The metallic rainbow hue caters to the sporty sci-fi appeal that celebrates state-of-the-art technology and transports us into other dimensions.

TRIBUTE TO TRIBE COLLECTION DESIGNED BY CÉLINE COUSTEAU

DESIGNER EDITION

Inspired by her project Tribes on the Edge and through experiences with indigenous tribes in the Brazilian rainforest, environmentalist and humanitarian Céline Cousteau presents her second Designer Edition for Swarovski: pristine tribal symbols that celebrate the interconnection of mankind to nature. The *Oval Tribe Fancy Stone* stands for a new design ethos where global references and mediums are mixed and matched to create a contemporary

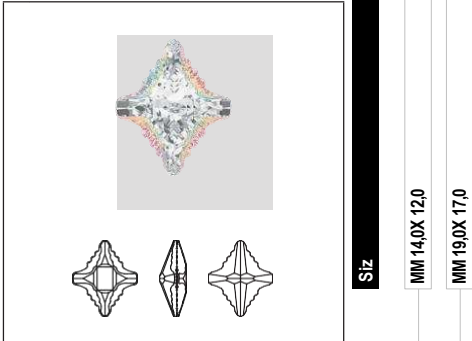

appreciation of the remote and unknown. The *Rhombus Tribe Fancy Stone* is a beautiful rendition of a tribal inspired design, inviting us to embrace a multi-cultural future. As an international, almost universal symbol, the cross is deeply rooted in every culture. As such, the *Cross Tribe Pendant* incorporates the message of social responsibility, mutual respect and pluralism.

ILLUSIONS DESIGNED BY CHRIS BANGLE

DESIGNER EDITION

A TILTED VIEW

Chris Bangle is no stranger to polarising, provocative designs. The now legendary former BMW Chief of Design, who left the company in 2009 to pursue other design passions and who has since opened up his own collaborative design studio in Piemonte, Italy, was famed during his tenure for aggressive, emotional car designs.

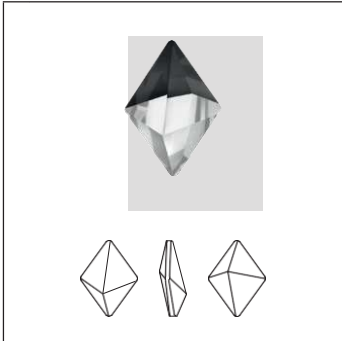

Small wonder this made him a perfect candidate to imagine crystals for Swarovski's Designer Edition Series that are both evocative and dimension defying. His tilted take on crystal geometry manages to exclude both space and dimension, even while appearing intrinsically flat. His crystalline form compresses the third dimension along its axis, leaving behind a decidedly 2.5D feel in a crystal that nevertheless retains volume.

BEADS

Beads offer the highest standard available on the market. The high-quality precision cutting and the clear through-hole achieve immense brilliance and clarity. Rounded hole edges reduce the wear on thread and increase the durability of designs. They are available in the latest fashion colors, effects, and cuts.

The wide range of colors and effects opens up endless possibilities for different combinations and designs. The main application techniques are beading, wiring, stringing, and weaving.

For details on available colors and effects for each article within the product groups, please see the product matrix of the respective item in the Collection 2018.

For color and effect samples, please see the corresponding color chart.

Please check the Swarovski Collection 2018 for all available crystal color and AB coating variations.

The plating resistance of effects is tested according to Swarovski's plating guidelines (SWAROVSKI-PROFESSIONAL.COM). Customers are advised to carry out their own tests if their plating parameters diverge from Swarovski plating guidelines.

* Crystals are not resistant to plating and similar processing.

*** designed by Jean Paul Gaultier

¹Majestic Blue's intense ultramarine hue is difficult to recreate accurately in print due to the fact that the CMYK color spectrum is used in the printing process.

In order to get a truer impression of its color, please use RGB digital pictures or, ideally, ask for actual samples.

Classic Colors/Effects: This color range offers a wide choice of traditional Swarovski crystal colors and effects.

Exclusive Colors/Effects: This color range is offered exclusively by Swarovski.

Colors and effects can appear different when illuminated with different light sources. Swarovski uses standard light source D50 for color decision and comparison. Slight changes in shades are unavoidable. Colors may vary according to cut and foiling.

The composition of Advanced Crystal is compliant with regulatory industry norms and laws regarding the restriction or prohibition of certain substances in the most relevant segments of our customers. Please note that the compliance of the crystal colors Citrine, Fireopal, Hyacinth, Light Siam, Siam, and Yellow Opal varies according to certain industry regulations. Those regulations are indicated with * in the compliance overview. Indian Siam and Scarlet (option to Lt. Siam) conform to all CLEAR-lists.

Important Notice

This component is expertly crafted and should be treated with special care, as it has a rough surface that may come into contact with skin or delicate fabrics when incorporated into other products.

Do not bend it nor remove its end caps during further processing in order to avoid any damage to the component.

Care Instructions

Turn inside out and use mild laundry detergent (wash by hand, max. temp. 30°C, very mild process).

Do not use chlorine bleach!

Do not tumble dry!

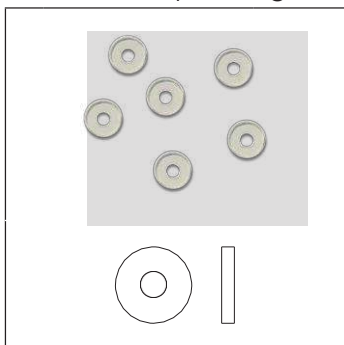

Do not iron!

COMPLEMENTARY PRODUCTS

These protective plastic spacer rings are recommended for use between Beads, increasing the durability of the designs and enabling the use of larger Beads and more complex cuts.

CRYSTAL PEARLS

Crystal Pearls are perfect replicas from genuine pearls. They are made of a unique crystal core covered with an innovative pearl coating, producing a flawless, silky smooth, rounded surface. They are available in a variety of shapes, sizes, and colors. Different hole diameters are available to accommodate a range of

applications: art. 5811 Crystal Pearl (large hole), art. 5840 Crystal Baroque Pearl, and art. 5860 Crystal Coin Pearl are perfectly suited to applications that require a larger hole diameter. Crystal Pearls offer unlimited combination possibilities with the colorful loose crystal elements assortment.

CRYSTAL PEARL BOW METAL PART

58M001 Metal Bow

**Application Advice**

This metal cap can be glued onto Crystal Pearls (art. 5810, art. 5818) or Beads (art. 5003, art. 5028) using an adhesive such as the Swarovski Crystal Glue CG 500 (A+B). Please follow the whole gluing process (i.e. cleaning, mixing, dosing, setting, curing) carefully. When the glue is dispensed onto the metal part, make sure that the entire surface of the pin and the base part is covered with the adhesive.

For detailed information about gluing, please refer to the Application Manual and our business website SWAROVSKI-PROFESSIONAL.COM

Care Instructions

Do not wash!

Do not use chlorine bleach!

Do not tumble dry!

Do not iron!

The textile may not be dry cleaned.

PENDANTS

Pendants have timeless elegance and are available in a large range of classical and avant-garde cuts and shapes, as well as many colors and effects. Pendants offer a whole range of design possibilities for different segments thanks to their easy

application, with the top hole requiring only a jumping/pinch bail with a chain or cord. Due to the diverse range of sizes available, Pendants are ideal for creating jewelry sets such as necklaces, bracelets, and earrings.

MAISON MARGIELA FOR SWAROVSKI

DESIGNER EDITION

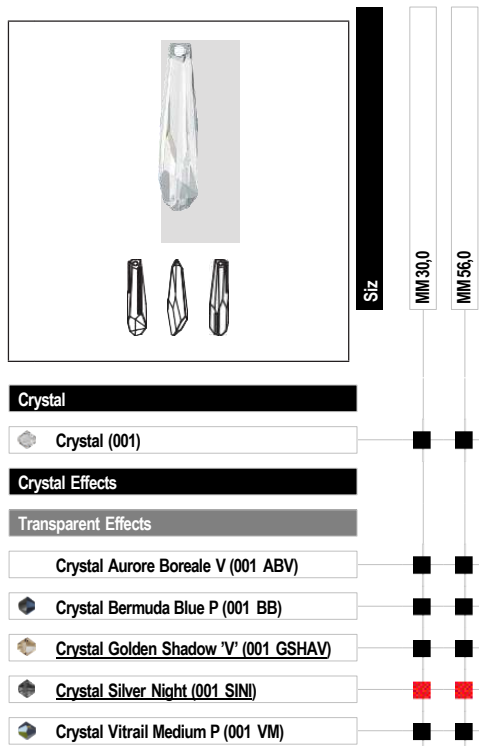

CRYSTALACTITE PENDANTS

Since 1988, Paris-based Maison Margiela has become famous for its collaborative team-led approach and its avant-garde transformation of classic designs. In July 2013, it presented the *Maison Margiela Crystalactite for Swarovski* at its Paris Haute Couture show. These were groundbreaking Crystal Fusion components inspired by natural stalactite forms and developed in creative partnership with Swarovski. Now Swarovski presents its interpretation of this innovative cut in pure crystal – the *Crystalactite Pendant*. Featuring a progressive aesthetic combining partly frosted facets with primeval, irregular icicle shapes, the

vision that originated in our wildest landscapes has now been perfected by one of the most sophisticated design houses. With an easy-to-use hole at the top, the Pendant offers myriad design possibilities for strong, contemporary designs, and for recreating haute-couture looks.

“Naturally and spontaneously, an imposing crystal emerges from its raw, stony origin, patiently growing into its iconic stalactite shape.”

"LOVE STORY OF THE HEART" BY MANISH ARORA

DESIGNER EDITION

Since the beginning of his international career, the award-winning, Delhi-based designer Manish Arora has worked creatively with Swarovski. In 2009, he created a memorable collection of crystalline Transfers. One year later, India's best-loved and most prolific design talent renewed his partnership with Swarovski and created a special collection of heart-shaped crystal pendants, which were launched in February 2011. Each individual piece is an expression of love's different emotional states and is named accordingly.

The partnership with Manish Arora is symbolic of how Swarovski engages in mutually rewarding creative partnerships with the world's best and brightest design spirits.

"The heart shape is very close to me because it is the universal symbol of love. I wanted to bring this symbol to life by creating a collection of crystal pendants and I hope people will wear them as a personal expression of the beauty and purity of this emotion." Manish Arora

OCEAN MYSTERIES

DESIGNED BY CÉLINE COUSTEAU

DESIGNER EDITION

Design Story: Above for the sea runs through her veins: Céline Cousteau is a celebrated filmmaker, humanitarian, and environmentalist, as well as the granddaughter of legendary ocean explorer Jacques-Yves Cousteau. She presents her first ever crystal designs for Swarovski, inspired by one of her favorite places, the depths of the ocean. Taking inspiration from nature itself and

leaving its beauty unaltered, her stunningly life-like creatures are not only captivating and spellbinding, they also draw attention toward the mysterious, mostly unseen, and unexplored world beneath the ocean's surface on which all ocean life depends. These mysteries need to be protected for future generations, both above and below the water.

TRIBUTE TO TRIBE COLLECTION DESIGNED BY CÉLINE COUSTEAU

DESIGNER EDITION

Inspired by her project Tribes on the Edge and through experiences with indigenous tribes in the Brazilian rainforest, environmentalist and humanitarian Céline Cousteau presents her second Designer Edition for Swarovski: pristine tribal symbols that celebrate the interconnection of mankind to nature. The *Oval Tribe Fancy Stone* stands for a new design ethos where global references and mediums are mixed and matched to create a

contemporary appreciation of the remote and unknown. The *Rhombus Tribe Fancy Stone* is a beautiful rendition of a tribal inspired design, inviting us to embrace a multi-cultural future. As an international, almost universal symbol, the cross is deeply rooted in every culture. As such, the Cross Tribe Pendant incorporates the message of social responsibility, mutual respect and pluralism.

KAPUTT DESIGNED BY JEAN PAUL GAULTIER

DESIGNER EDITION

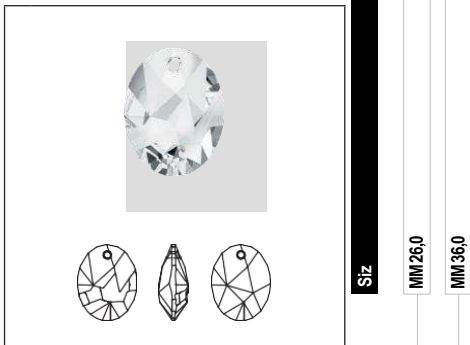

Design Story: While the whole world strives for perfection, Swarovski discovers the beauty of imperfection, guided and inspired by none other than design legend Jean Paul Gaultier. Together with Swarovski's own trend, design, and product management experts, Gaultier developed the spectacular Kaputt Collection exclusively for Swarovski. As its name, the German word for "broken," already suggests, the collection presents a technological innovation that deliberately breaks with convention. It celebrates the appeal of being different and unpredictable, which, according to the designer, is much more exciting than the precise and perfect.

Description: Broken and raw, but elegant at the same time, the Kaputt design captivates with distinctively irregular, partly unpolished, or frosted surfaces that give it an all-natural, almost meteoritic appearance. It comes in rich, shimmering metallic colors as well as classics such as Crystal and Crystal Golden Shadow, and boasts the famous Jean Paul Gaultier logo as a laser engraving.

Look: In a world of flawless, artificial beauty, Kaputt mirrors the attractiveness of irregular, natural surfaces for a down-to-earth look that is both rock and chic.

YOKO ONO

DESIGNER EDITION

Yoko Ono is a multimedia artist whose thought-provoking work challenges people's understanding of art and the world around them. Her work as a conceptualist has encompassed performance, instructions, film, music, writing, and now jewelry inspiration for Swarovski.

Born in Tokyo in 1933, she moved to New York in 1953, where she became part of the city's vibrant avant-garde scene. She went on to perform and exhibit what have now become legendary works

in the history of contemporary art, including her famous 1969 collaboration, *Bed-In*, with husband John Lennon.

She has had numerous exhibitions in museums, and in 2009, received the Golden Lion for Lifetime Achievement from the Venice Biennale. In 2011 Ono was honored with the prestigious 8th Hiroshima Art Prize for her dedicated peace activism, and in 2012 received the Oskar Kokoschka Prize in Vienna.

THE COOPERATION

A memorable key-shaped crystal pendant, inspired by Yoko Ono, has been designed for Swarovski. The design itself is a technical masterpiece and tells us a wonderful story around the symbol of the key.

THE STORY

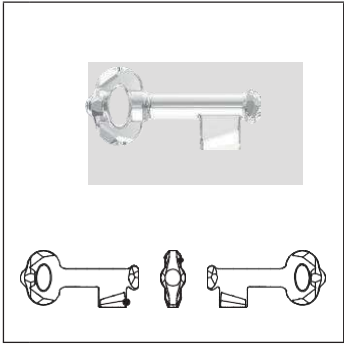

**"Imagine a key that unlocks the door
to the forest with its secrets,
to the sky with its peacefulness,
to the universe with its infinity,
to a future with the promise of a better life."**

Yoko Ono

This concept by Yoko Ono has been created as a crystal "KEY TO OPEN THE FOREST" exclusively for our Swarovski collection. It embodies the spirits of earth and sky, and reflects the multiple colors of nature. "Make a promise to a tree. Ask it to be passed on

to other trees." When you wear it you will be sharing Yoko's dream of peaceful interaction with the world around you. "Whisper your dream to a cloud. Ask the cloud to remember it."

GROWING CRYSTAL

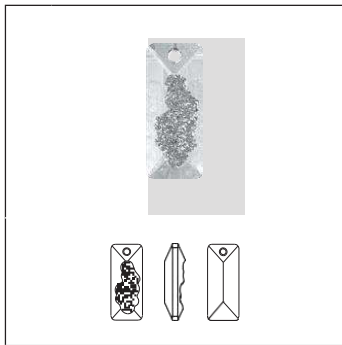

DESIGNED BY IRIS VAN HERPEN

DESIGNER EDITION

Iris van Herpen boldly envisions the future of fashion. For Swarovski's Designer Edition Series, van Herpen imagined two pendants inspired by the creative power of nature. The first, Growing Crystal Rhombus, pays homage to the fractured and fissured elegance of crystals shaped by tectonic forces. The second, Growing Crystal Rectangle, resembles the cross section of a druse crystal in both brilliance and complexity. In each instance, van Herpen highlighted the metamorphosis of crystalline forms under the influence of time: "For beauty yet becoming."

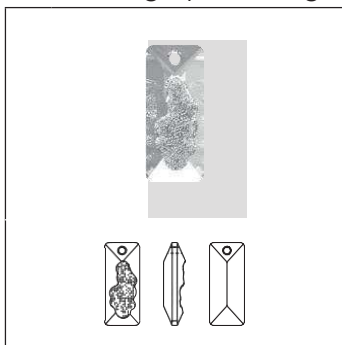

In addition to the pendants she created for the Designer Edition Series, the collaboration with van Herpen also triggered Swarovski to create special 3D Studs, which make it simple to achieve eye-catching relief. Available in three heights, three different plating options, two different cuts, and twenty color and effect options, they are ideal for adding texture and depth to garments for added design freedom.

FLAT BACKS NO HOTFIX

Flat Backs No Hotfix are loose crystal elements backed with platinum foiling for extra brilliance and protection. These Flat Backs are easy to apply to a variety of carrier materials using standard one- or two-component glues. They are available in a multitude of sizes, colors, shapes, and cuts.

The most innovative single item in this product group is art. 2088 XIRIUS Rose, with the most progressive and unique cut on the market: multilayer cut technology

creates the inspiring XIRIUS star design. Superior shine and rich, well-balanced refraction of light redefine the market standard.

Swarovski's outstanding quality in crystal elements is underlined by the highest precision in table size and diameter.

DIAMOND LEAF¹

DESIGNER EDITION

Swarovski and Giorgio Armani worked together to create an exclusive crystal called Diamond Leaf. This Designer Edition has a fluid, organic shape reminiscent of a leaf. Precision-cut facets melt into the softness of a floating, sculptural form, contrasting strength and fragility, the timeless with the ethereal.

Giorgio Armani: "Swarovski crystal brings a touch of magic to a dress, an ethereal quality, a luster that never fails to captivate the attention."

FLAT BACKS HOTFIX

Flat Backs Hotfix are loose crystal elements with a flat reverse side that has been pre-coated with a heat-sensitive glue. These Flat Backs can be easily applied to a large range of textile carrier materials using heat to produce a durable and long-lasting crystal effect.

Flat Backs Hotfix are available in a multitude of colors, shapes, and cuts. The increased light reflection and warmer appearance of the Flat Back Rose are achieved through a special silver mirror on the reverse side.

The most innovative single item in this product group is art. 2078 XIRIUS Rose, with the most progressive and unique cut on the market: multilayer cut technology, producing the inspiring XIRIUS star design. Superior shine and rich, well-balanced refraction of light redefine the market standard.

Swarovski's outstanding quality in crystal elements is underlined by the highest precision in table size and diameter.

For details on available colors and effects for each article within the product groups, please see the product matrix of the respective item in the Collection 2018.

For color and effect samples, please see the corresponding color chart.

The plating resistance of effects is tested according to Swarovski's plating guidelines (SWAROVSKI-PROFESSIONAL.COM). Customers are advised to carry out their own tests if their plating parameters diverge from Swarovski plating guidelines.

* Crystals are not resistant to plating and similar processing.

** Crystals are resistant to plating only if they are F-foiled.

*** designed by Jean Paul Gaultier

¹ Majestic Blue's intense ultramarine hue is difficult to recreate accurately in print due to the fact that the CMYK color spectrum is used in the printing process.

In order to get a truer impression of its color, please use RGB digital pictures or, ideally, ask for actual samples.

² Only available in limited sizes.

³ In these colors art. 2088 is available as a foiled or unfoiled version.

Classic Colors/Effects: This color range offers a wide choice of traditional Swarovski crystal colors and effects.

Exclusive Colors/Effects: This color range is offered exclusively by Swarovski.

Colors and effects can appear different when illuminated with different light sources. Swarovski uses standard light source D50 for color decision and comparison. Slight changes in shades are unavoidable. Colors may vary according to cut and foiling.

The composition of Advanced Crystal is compliant with regulatory industry norms and laws regarding the restriction or prohibition of certain substances in the most relevant segments of our customers. Please note that the compliance of the crystal colors Citrine, Fireopal, Hyacinth, Light Siam, Siam, and Yellow Opal varies according to certain industry regulations. Those regulations are indicated with * in the compliance overview. Indian Siam and Scarlet (option to Lt. Siam) conform to all CLEAR-lists.

SEW-ON ARTICLES

Sew-on Articles are loose crystals that can be easily sewn either by hand, or with a standard domestic or industrial embroidery sewing machine onto any kind of textile or accessory. Sew-on Articles come in two- or three-hole varieties, with round and oval holes for use in a wide range of decorative applications, from fine embroidery to jewelry. Lochrosen are crystals with just one hole. Sew-on Articles have rounded edges around the holes to guarantee thread protection.

The assortment offers a great variety of colors and effects to transform textiles and fashion accessories into bespoke luxury items.

The most important items in this product group are art. 3188 XIRIUS Lochrose and art. 3288 XIRIUS Sew-on Stone, which feature the most progressive and unique cut on the market: multilayer cut technology, creating the inspiring XIRIUS star design.

DIAMOND LEAF¹

DESIGNER EDITION

Swarovski and Giorgio Armani worked together to create an exclusive crystal called Diamond Leaf. This Designer Edition has a fluid, organic shape reminiscent of a leaf. Precision-cut facets melt into the softness of a floating, sculptural form, contrasting strength and fragility, the timeless with the ethereal.

Giorgio Armani: "Swarovski crystal brings a touch of magic to a dress, an ethereal quality, a luster that never fails to captivate the attention."
